Physical Exam Requirements

NYS education law Article 19 requires that all students entering **kindergarten, 1, 3, 5, 7, 9 and 12th grades** submit a physical exam to the health office at the start of each school year. In addition, any new entrant to Wildwood School is required to have a physical examination dated no more than one year from their start date.

These physical exams must be completed on a NYS physical examination form. NYS pediatric offices all have the required forms but a copy is also available on the Wildwood School website or by contacting the health office.

If families are unable to schedule a physical exam with their child's pediatrician, an exam will be provided by Wildwood School's Medical Director. Families will be notified by the health office informing them of the school physical appointment at least one week prior to the exam.

Copies of physical exams should be sent to the health office as soon as possible. They will be securely stored in their health record.
