Release Of Student

The safety of students is a paramount concern of Wildwood School. The administrator or administrator's designee shall make reasonable efforts to verify that any person appearing at a school and requesting permission to take a student from the school is properly identified before the student is released to him or her. Except in the most extreme circumstances, custody of a student will not be relinquished to any person without the prior approval of the parent or guardian who has physical custody of the student. However, if the parents are divorced or separated, the student may be released to either parent, unless the school has been provided with a copy of a court order or agreement that specifies otherwise. If the administrator or designee judges that the student's health or safety may be harmed by releasing the student, the administrator shall contact law enforcement and/or the department of social services as appropriate.
